

SPORTS

BANKERS AND THE TIGERS PLAY SUNDAY

Fans Would Like to See Tigers Break Record and Win

The Bankers will play the Tigers at Warren park Sunday afternoon. Both teams have new recruits for the game and unless the Bankers do better than they did last Sunday, the Tigers may break all records and win a game. If Ben Jackson, who will pitch for the Tigers, is in his usual form, both in the box and at the bat, the Bankers will have to go some to win.

Both the Bankers and the Tigers will have new pitchers and new hard-hitting outfielders in the center garden. Lee Blair, captain of the Bankers, has resigned and has been succeeded by J. N. Chapman, first baseman for the Bankers. Blair will not be in the game Sunday, as he will leave town for the coast, where he will spend a month or more.

ARTICLES SIGNED FOR MATCH IN TOMBSTONE

The Tombstone Prospector says: "Articles of agreement between Chester Grow and Trooper Titus for a wrestling match in Tombstone August 12 have been signed. A purse of \$50 has been provided by Tombstone business men and large delegations of soldiers from the fort will be on hand. The match is to be a good one and a good attendance at the ringside is looked for."

"What is the trouble with the Huss-Ketchel wrestling match? It is announced that the reported articles of agreement have not reached Huss from Bisbee, Champion Huss is ready for the match and is patiently awaiting the arrival of the papers for his signature."

KANSAS, MISSOURI AND OKLAHOMA VERY WARM
KANSAS CITY, Mo., Aug. 10.—Kansas, Missouri and Oklahoma continue to sizzle. The temperatures over these states went even higher from the general average than yesterday.

In Kansas City the mercury reached 102 at 4 o'clock and the suffering was increased by the high humidity.
E. A. Barrett, 32 years old, of Phillipsburg, Kas., jumped from a window of a hospital, after being overcome by the heat. He died from his injuries.

The temperature records include: Wichita, 98; Oklahoma City, 102; Topeka, Kas., 104; Salina, Atchison and Emporia, Kas., 104; Manhattan, Kas., 105.

NATIVES HAVE REVOLTED.
LISBON, Portugal, Aug. 10.—Advices received from Angola, Portuguese West Africa, say the natives have revolted at Lunda, Huila and other places and attacked the European settlements. Punitive expeditions, the advices say, are preparing to leave for the scene of the disorders.

VILLAGERS ATTACK APPRAISERS.
LISBON, Portugal, Aug. 10.—The population of the village of Licoa today attacked the government appraisers who are making an inventory of church property in Portugal. Stones and billets of wood were hurled at the appraisers and the military had to be called to suppress the disorders.

KAISER KEEPS THEM STIRRED OVER MOROCCO

(Continued from page one.)

In March 31, 1905, when Abdul Aziz was sultan. Since then Abdul Aziz has been forced into private life through accession of the throne by Mulai Hafid, his brother. An international conference at Algiers was held shortly after the German emperor's impassioned speech. It developed in that conference that Kaiser Wilhelm had bluffed England and France into recognizing Germany as a factor in Morocco. If a bluff at first, Germany eventually stood by it, and seriously contended for prestige in Moroccan affairs.

Germany Land Hungry.
Now it is becoming manifest that Germany would again force a conference of European nations on Morocco, and make further demands. That country has displayed, with no pretension of secrecy, an ambition to extend her territorial boundaries such as no other world power has shown in several decades. A small foothold was secured by Germany in China, but England and Japan blocked her far east aspirations. Germany picked up Samoa, but the United States saw to it that she acquired no more holdings in the Pacific, and also stayed her in South America.

The move by Germany to bring on another European conference on the Moroccan situation probably will result in such a conference being held. It will bring face to face two great groups of nations. One of these groups, formed as a "triple alliance," consists of Germany, Austria-Hungary and Italy, while the second group, held together in an "entente cordiale," comprises France, Great Britain and Russia. This "entente cordiale" group is considered as closely knit into an alliance for actual warfare support of any proposition to their mutual interest, as is the first named group. The position of Spain is not easily defined, and that country is supposed to be on the side of England. Yet her activity in Morocco has been branded by France as unwarranted and violative of the Algeiras pact. Spain, in turn, has shown resentment over the French aspirations in Morocco. The allied powers, England, France and Russia in the event of war, could assemble a naval strength far greater than that which could be mustered by the "triple alliance."

ROOSEVELT OPPOSED TO TAFT'S POLICY

(Continued from page one.)

They with the coal fields given over to private developers on a leasehold system as simple as possible and on such terms as to guarantee an ample profit to those engaged in the work of development, the trouble in connection with the Alaskan coal fields would vanish.

Must Be Developed.
"I have said already that the resources of Alaska must be developed. I advocate with all my heart that the conditions of development be made such as to give an ample return to those willing to undertake the work, and, as there is an element of hazard in the work I prefer to see the government err if at all on the side of liberality in making those conditions. "A bill in principle such as, or at least on the general lines of, that introduced by Robinson of Arkansas, ought to become a law."

LABOR DAY TO BE OBSERVED IN DISTRICT

(Continued from page one.)

ons military band to take part in the working man's celebration. St. J. Cunningham was named as chairman of the entertainment committee and empowered to name other members of his committee. This committee, or several of its members, will go to Fort Huachuca Monday by automobile to personally extend an invitation to Col. O'Connor.

Baseball and Shoot.
The Sixth cavalry baseball team will engage one of the local teams, probably the All-Star aggregation that defeated the soldiers last Sunday; and the Sixth cavalry rifle team will come here to shoot against the Bisbee rifle club.

It is planned to have the military band round out the Labor Day celebration with a concert in Cooper Queen plaza on the evening of that day.

Arrangements will be made this week to have the drilling block brought back up for the drilling contest, which will be on a scale a great deal larger than the Fourth of July contests. The contests will probably be pulled off in the postoffice plaza.

Ernest Hughes, who pulled off the Fourth contest, was named chairman of the drilling committee and empowered to select his own committee.

Tug of War.
A tug of war will be another feature of the celebration program. This will be pulled off in Brewery gulch from about 4 to 6 o'clock in the afternoon.

ALDRICH COMMISSION ATTACKED IN HOUSE

National Monetary Commission Alleged to Have Been Extravagant

WASHINGTON, Aug. 10.—A vigorous attack on the national monetary commission, of which former Senator Aldrich of Rhode Island is chairman, was made in the senate today during the discussion of the bill introduced by Senator Cummins of Iowa, calling on the commission to make its final report to congress by December next, after which it would be dissolved.

Senator Cummins charged the commission with unnecessary extravagance and delaying its report on the result of its investigations, and Senator Heyburn of Idaho asserted that from both party and national standpoints the original appointment of the commission was a mistake.

Senator Burton, a member of the commission, acknowledged the body had probably been extravagant. To remedy this he said he would offer an amendment discontinuing the salaries of those members of the commission who are not now in congress. This would reduce the expenses of the commission \$32,500 a year, as 11 of the 18 members are former members of congress.

Commission a Dead One.
Active members of congress who are also on the commission will receive no compensation. Senator Burton expressed the opinion that the commission had been killed, because it would not be able to make a complete report by next session.

Senator Newlands of Nevada said that there were a number of special financial questions upon which he wanted the commission to report. He said there were matters concerning the advisability of organizing associations of national banks in each state for mutual protection of bank depositors against panic and of bringing these associations into a national federation through the national banking commission of which the secretary of the treasury is chairman.

Mr. Newlands wanted a report on the advisability of preventing national banks from depositing any portion of the reserves required by law in other banks. The debate was not concluded when the senate adjourned.

MISS DYER CONFIRMS HER PREVIOUS STORY
INDIANAPOLIS, Aug. 10.—Miss Clara Dyer, formerly of Philippi, Ky., who yesterday swore that Private George Peter of the 135th coast artillery, N. Y., is a spy in the employ of the Austrian government, was questioned again today. After an examination by Captain James D. Watson and members of the Indianapolis detective force, it was said there was nothing to give out other than that Miss Dyer reaffirmed her story.

Captain Watson said tonight that Miss Dyer was going to leave the city because of poverty, but that she promised to keep him informed of her movements. Captain Watson is awaiting word from the war department before making any further move in the case.

VICTORY FOR ORGANIZED LABOR, 8 HOUR DAY
WASHINGTON, Aug. 10.—Organized labor won a signal victory today when Comptroller of the Treasury Tracewell construed the last naval appropriation act to mean that "every" employee in a ship yard where government vessels are building must be given an eight-hour noon.

This event will be in charge of the following committee: Pat M. Kelly, chairman; U. S. Ratterree, Mike Hanson and Sam Briscoe.

Parker Woodman was named chairman of the music committee, and Jack Foster of Warren was named chairman of the sports committee. A. K. Parker was named chairman of the publicity committee.

The most important committee of all, the finance committee, is composed of the following: Billy Robinson, chairman; J. Anderson, L. A. Brown, Charles Cunningham and Tony Downe. This committee will get busy today and have its report ready for the Tuesday night meeting.

Big Foot Race.
The only track sport event on the celebration program is a 100 yard dash, free for all. D. H. Stanton, a minor at the Holbrook shaft, appeared and stated that if the organization would arrange for the event and pay a small purse, enough to justify him laying off for a few days to get in condition, he would put up a side bet to defeat Oliver Brown in a 100-yard dash, or anyone else in the territory who desired to compete. He declared that he had met some of the best track men in the west and did not believe that Brown was invincible. The idea was received with favor by the meeting and Jack Foster was named as a committee to arrange the details of the event.

Sam Briscoe said he believed that at least \$1,000 would change hands on the result of the dash. Considerable interest is being shown in the event on the outside, it is said.

FURTHER ONSLAUGHT ON STOCK MARKET

Bad Crop Conditions Used as Excuse for Further Hammering

NEW YORK, Aug. 10.—The government crop report issued yesterday was used as a weapon for another attack on stock market values today. Prices fell two or more points in the active list, and there were greater losses elsewhere. The decline, while often precipitate, was not of a demoralized character. Prices yielded in more or less steadiness. The fortnight's losses in some of the standard stocks during that period were extended to 15 points.

The causes probably lie deeper than crop conditions. The activity of the federal government, coupled with political conditions abroad, may properly be regarded as more potent factors in the case.

Aside from the movements of the market, an interesting item of the day was the July report of unfilled tonnage of the steel corporation. The figures show an increase of 223,000 tons over June, with a much larger gain over May. This accounted for the part of the comparative steadiness of steel during the greater part of the day despite the enormous offerings in that stock, which amounted to 275,000 shares out of a total of 1,050,000.

KNEE OF POPE CUT TO RELIEVE PAIN

Attack of Gout Makes Slight Operation Necessary—Condition Improved

ROME, Aug. 10.—The condition of Pope Pius tonight is better and for the first time since he was taken ill recently of laryngitis, which later became complicated by an acute attack of gout, he was considered having made a step toward recovery. Doctors visited the patient tonight and reported his temperature only slightly above normal and his condition, considering the heat, very satisfactory. The physicians called Dr. Amaldi in consultation this afternoon and it was decided to puncture the pope's swollen ankle. The operation, which is slight, resulted in the extraction of a quantity of serum and afterward the pope was somewhat relieved of pain.

FRICK RETIRES FROM THE UNION PACIFIC

Government Investigations Make It Unwise to Hold Different Positions

NEW YORK, Aug. 10.—The retirement of Henry Clay Frick from the directorate of the Union Pacific was announced this afternoon. Mr. Frick tendered his resignation some days ago, but nothing was said about his retirement until today. It is said he will retire from other large corporations, including the United States Steel corporation.

It was intimated that his chief idea in getting out of the Union Pacific was that his activity in that road often conflicts with his duties toward the Atchison, Topeka & Santa Fe, in which he has large holdings, and in Pennsylvania railroad.

Mr. Frick's friends also asserted that he believed such connections would be unwise at this time, when the federal government is exercising such close supervision over large railroad and industrial corporations whose affairs are so closely inter-related.

WILL FIRE SALUTE IN HONOR OF NEW SON
INDIANAPOLIS, Ind., Aug. 10.—The authorities here smilingly grant permission today to Pantella L. Cafouras, a Greek, to fire a salute of 21 guns when his son arrives. He declared he had advance information regarding the sex of the expected gift of the stock and said the salute would be carrying out the custom of his people.

KERMIT ROOSEVELT ON ARIZONA HUNTING TRIP.
YUMA, Ariz., Aug. 10.—Kermit Roosevelt and guides left at 6 o'clock tonight on a hunting trip to the Pinalo mountains, 150 miles southeast of this place. In the party were Chan Utting, a former rough rider, Wm. Pransford and two Mexican guides.

The route was to Belmont, 40 miles east, by rail, take on horse. Roosevelt said he would be gone at least two weeks and possibly four.

Be Happy.
We ought to be happy wherever we are, as being happy ourselves will make others happy, a good many times.

NEW ORPHEUM BILL ATTRACTS CROWDS

The new bill at the Orpheum this week is making a big hit with local amusement lovers. Wilbur & Harrington and Texas George in vaudeville constitute one of the best teams ever seen in Bisbee.

The singing, dancing and jumping feats of Wilbur and Harrington are extremely clever and brought forth rounds of applause and repeated calls for encores. Texas George is one of the best shots in the country and demonstrated his superiority with the rifle in a series of wonderful feats. The pictures are also unusually good.

TUCSON LAWYER HAS WARRANT FOR LLOYD

SAN FRANCISCO, Aug. 10.—A warrant was secured today for the arrest of Frederick B. Lloyd, accused of having embezzled \$44,000 from the Pacific Slope Surety company. Lloyd was president of the company.

It is alleged by Eugene Ives, an attorney from Tucson, Ariz., who filed the complaint, that Lloyd in December, 1909, converted to his own use the money which he had been authorized to use in buying stock of the Pacific Slope Surety company, a bonding concern.

QUARANTINE ALL CATTLE IN KANSAS CITY, KAN.

KANSAS CITY, Aug. 10.—City, state and federal authorities joined here today and quarantined all the cattle in Kansas City, Kan., extending into Wyandotte county and will also arrest the herds of farmers.

The quarantine, however, includes all cattle within the city limits. The limits of Kansas City, Kan., extend into Wyandotte county and will also arrest the herds of farmers.

CAPT. BARTLETT DIES

A LOS ANGELES HOME
LOS ANGELES, Aug. 10.—Captain George E. Bartlett, considered one of the greatest rifle experts in the United States, died at his home here today. Captain Bartlett was 52 years old.

He lived among the Sioux Indians for years and was a special friend of the famous Sioux Chief Red Cloud. He left one of the finest collections of Indian relics in the country.

HOT IN FRANCE.

PARIS, Aug. 10.—This has been the hottest day of the summer in France, a temperature of 100 degrees Fahrenheit being officially recorded. This is within three-tenths of a degree of the highest previous mark of July 29, 1909.

NOTICE!
Commencing Sunday, August 13, the Orpheum Theater will give a free Sunday Matinee to children. Don't forget to send the children.
